NEWS RELEASE

Laxmi Organic Industries Ltd announces price revision for Essentials Products

Mumbai (8th Jan 2026) –

Continued pressure on manufacturing costs, further delays in import shipments of key raw materials, and the weakening of the INR against the USD have necessitated us to announce a **price increase of ₹2/kg** with immediate effect across all essential products—namely Ethyl Acetate, n-Propyl Acetate, n-Butyl Acetate, Acetic Anhydride, and Acetaldehyde—to ensure continuity of supplies.

For supplies in Drums (HDPE, MS) / IBCs, incremental prices shall be applicable.

For further information, you may reach out to our sales team/ your account manager.

We value your business and sincerely appreciate your continued partnership and support.
