### NEWS RELEASE

#### **Laxmi Organic Industries Ltd announces price revision for Essentials Products**

**Mumbai (23<sup>rd</sup> June 2025)** – You must be aware about the ongoing geopolitical tensions and conflict in the Middle East. These developments have resulted in significant supply chain disruptions, limited vessel availability and an increase in the sea freight rates.

On Feedstocks: Crude oil prices have spiked by ~22% in June. Methanol prices have surged by ~20% in the last two weeks. Other feedstocks and derivatives follow a similar trend. The Indian Rupee has also depreciated against the US Dollar by ~2% in the last 30 days.

Given these factors, we urge our valued customers to prioritize the procurement and delivery scheduling of essential products.

**Laxmi Organic Industries Ltd.** hereby announces a revision in the selling prices for the following products under the Essentials Business, effective immediately:

Product	Ex Works Price in Bulk (Rs. /kg) [Revised price]	Ex Works Price in Bulk (Rs. /kg) [Previous price]	Delta Price (Rs. /kg)
